OPEN LETTER TO MOBILE BAY AREA AND ALABAMA

The curse on the Mobile area & Alabama was brought on by bringing the first slaves into America.

We have attempted by ourselves to rid the curse. To no avail. Without forgiveness and repentance the curse remains. Separation, suspicion, and man made laws have little effect on the curse.

Doing the same thing over and over and expecting a different result is insanity

It is time to cleanse our past and achieve our destiny. The destiny promised in the Bible is our inheritance.

Separation from God because of the past sins of slavery and abortion continue to plague us. We are held captive by the anti-christ spirit.

Civil wars and legislation white washed the circumstance. People have never repented. Some groups have used a false foundation. They continue to stir up rhetoric for personal gain. Sometimes using their skin color as a barrier to foment continual strife. Hidden behind the "smiling faces" are deceit and judgement.

God's purpose has always been to fellowship with His creation.

Political atonement has been attempted. It makes the people trapped by the system to become dependent upon the system instead of God.

Follow the Word and put aside those things that separate us from God. It is the only truth that will work.

Too many years. Too much distraction and political control that created a strong hold. Broken only by intervention of a sovereign God.

We need to ask God for direction and wisdom on how to remove the curse.

God continues to reach out and bless His creation. He patiently awaits our intervention to bring His righteous into action.

We are to love people as Christ loved. It is the path to forgiveness. Differences are to be expected. True repentance is required.

Time is short for repentance and restoration back to God.
